EVERY DETAIL MATTERS.

Proporzioni e modularità sono parte integrante di un percorso progettuale che trasferisce allo spazio la perfetta combinazione tra estetica e funzionalità.

La ricercata essenzialità materica di Nuances si racconta nelle superfici da interno e da esterno, nei piccoli e nei grandi formati.

Proportions and modularity are an integral part of a design process which transfers the perfect combination of aesthetic styling and functionality to a setting.

The sophisticated elemental textured appeal of Nuances is illustrated in the form of indoor and outdoor surfaces, in both small and large sizes.

Italgraniti erneuert den Charme der venezianischen Terrasse, ein neuer Trend in der Wohnkultur. Durch eine **innovative Farbkombination** entsteht aus dem Modul der Serie Coccio eine Textur, die in großen architektonischen Werken Platz findet. In Kombination mit monochromen Flächen spielt sie eine dekorative Rolle für engere Umgebungen.

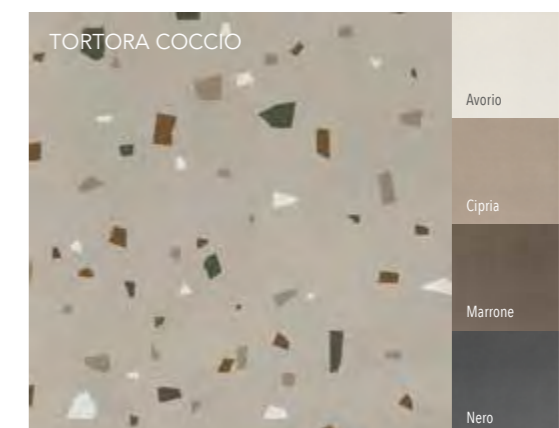

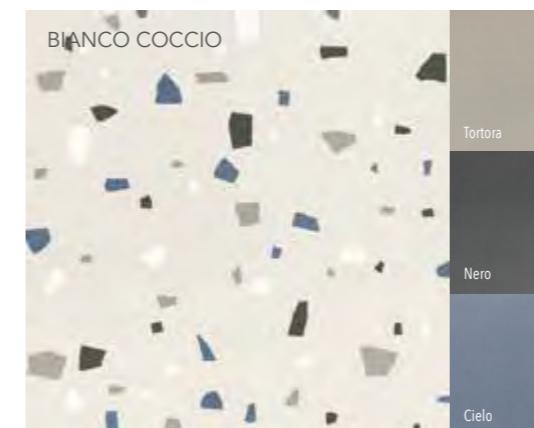

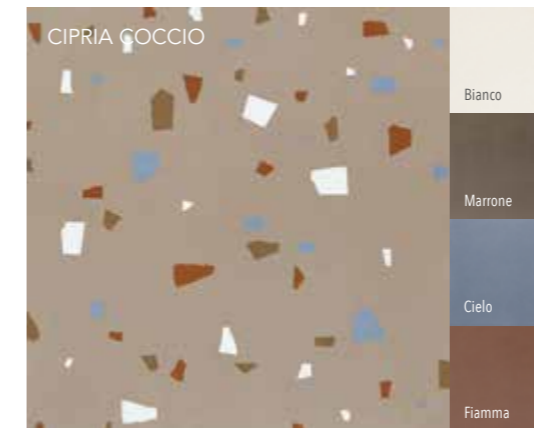

Italgraniti renouvelle le charme de la terrasse vénitienne, nouvelle tendance de la décoration d'intérieur. À travers une **combinaison de couleurs innovante**, la série Coccio dessine une texture qui trouve sa place dans les grands décors architecturaux. En assortiment avec les surfaces monochromes, elle apporte une touche décorative dans les espaces les plus sobres.

Italgraniti renueva el encanto del terrazo veneciano, una nueva tendencia en la decoración del hogar. Mediante una **innovadora combinación cromática**, el módulo Coccio diseña una textura que tiene cabida en grandes fondos arquitectónicos. En combinación con superficies monocromáticas, juega un papel decorativo en espacios más reducidos.

Italgraniti превращает венецианский терраццо в новый тренд интерьерного декора. Благодаря **инновационной цветовой комбинации** модуль Coccio формирует текстуру, которая великолепно подходит для больших архитектурных проектов. В сочетании с монохромной отделкой такая плитка выполняет декоративную функцию в компактных пространствах.

Italgraniti rinnova il fascino del terrazzo veneziano, nuovo trend dell'home decor. Attraverso un'**innovativa combinazione cromatica**, il modulo Coccio disegna una texture che trova spazio in grandi campiture architettoniche. In abbinamento alle superfici monocromatiche svolge un ruolo decorativo per aree più contenute.

Italgraniti renovates the charm of Venetian Terrazzo, a new home décor trend. Thanks to an **innovative colour combination**, the Coccio module designs a texture which is right at home in large architectural backgrounds. Teamed with monochrome surfaces, it plays a decorative role in more compact areas.

NATURAL AND HONEST MATERIALITY.

Nuances è scolpita da una innovativa superficie gessosa che regala calore e comfort. I colori naturali, che rispondono ai nuovi canoni estetici dell'interior design, si arricchiscono di frammenti policromi, delicatamente riflettenti e pienamente integrati nella materia. Il progetto cromatico Nuances celebra lo spazio abitativo con la sua espressiva autenticità.

Nuances is carved from an innovative chalky surface that conveys warmth and comfort. The natural colours, which accommodate the new aesthetic canons of interior design, are embellished by multi-coloured, gently reflective fragments that are incorporated fully into the material. The Nuances chromatic project celebrates the domestic space with its expressive authenticity.

Nuances besteht aus einer innovativen gipsartigen Oberfläche, die Wärme und Komfort bietet. Die natürlichen Farben, die die neuen ästhetischen Anforderungen der Innenarchitektur erfüllen, sind mit polychromen Fragmenten angereichert, zart reflektierend und vollständig in das Material integriert. Das Projekt Nuances zelebriert den Lebensraum mit seiner ausdrucksstarken Authentizität.

Nuances est sculptée par une surface crayeuse innovante qui apporte chaleur et confort. Les couleurs naturelles, qui répondent aux nouveaux canons esthétiques du design d'intérieur, s'enrichissent de fragments polychromes, délicatement réfléchissants et parfaitement intégrés dans la matière. Le projet chromatique Nuances célèbre l'espace résidentiel par son expressivité authentique.

Nuances se esculpe a partir de una innovadora superficie tiza que aporta calidez y comodidad. Los colores naturales, que responden a los nuevos cánones estéticos del interiorismo, se enriquecen con fragmentos policromados, delicadamente reflectantes y totalmente integrados en el material. El proyecto cromatico Nuances celebra el espacio del hogar con su autenticidad expresiva.

Nuances - это плитка с инновационной гипсовой текстурой, которая дарит тепло и ощущение комфорта. Натуральные цвета, соответствующие новым эстетическим канонам дизайна интерьеров, обогащаются многоцветными фрагментами с деликатным отражающим эффектом, полностью интегрированными в текстуру плитки. Цветовой проект Nuances воздает должное жилому пространству своей аутентичной экспрессивностью.

EARTH-INSPIRED COLOURS.

La raffinata irregolarità della superficie e la palette cromatica calda e gessosa regalano una narrazione estetica coinvolgente. **Nuances riempie lo spazio di un lusso rinnovato, fatto di morbida e crescente naturalità.**

The sophisticated irregularities of the surface and the warm and chalky colour palette afford a thrilling aesthetic storytelling. **Nuances fills space with a restyled luxury, comprising a soft and growing natural allure.**

TECHNOLOGY.**

StrideUp®

ADVANCED TECHNOLOGY SURFACES

StrideUp® è la tecnologia rivoluzionaria che combina un'elevata resistenza allo scivolamento e una morbidezza di superficie unica. StrideUp® garantisce un elevato coefficiente di attrito dinamico, ideale per pavimentare zone ad elevato calpestio e, al tempo stesso, possiede una superficie morbida, facile da pulire e da igienizzare. Il gres porcellanato StrideUp® è versatile, risponde a importanti esigenze di sicurezza e offre continuità tra ambienti interni ed esterni: **una soluzione sicura, pensata con stile.**

StrideUp® is the revolutionary technology which combines outstanding slip-resistance with a unique surface softness. StrideUp® guarantees a superior dynamic coefficient of friction, which is ideal for tiling areas with high foot traffic and, concurrently, it has a soft surface which is easy to clean and sanitise. StrideUp® porcelain stoneware is versatile, complying with significant safety requirements and offering continuity between indoor and outdoor settings: **it is a safe solution, devised with style.**

StrideUp® ist die revolutionäre Technologie, die hohe Rutschfestigkeit und einzigartige Oberflächenweichheit kombiniert. StrideUp® garantiert einen hohen dynamischen Reibungskoeffizienten, ideal als Bodenbelag für beanspruchte Flächen und hat gleichzeitig eine weiche Oberfläche, die leicht zu reinigen und zu desinfizieren ist. StrideUp® Feinsteinzeug ist vielseitig, erfüllt wichtige Sicherheitsanforderungen und bietet Kontinuität zwischen Innen- und Außenbereichen: **Eine sichere und absolut stilvolle Lösung.**

StrideUp® est la technologie révolutionnaire qui associe une résistance au glissement élevée et une douceur de la surface unique. StrideUp® garantit un coefficient de frottement dynamique élevé, idéal pour revêtir les espaces très fréquentés, tout en proposant une surface douce, facile à nettoyer et à entretenir. Le grès cérame StrideUp® est polyvalent, répond à des prescriptions de sécurité très strictes et offre une continuité entre espaces intérieurs et extérieurs : **une solution sûre, conçue avec style.**

StrideUp® es la tecnología revolucionaria que combina una alta resistencia al deslizamiento y una suavidad de superficie única. StrideUp® garantiza un alto coeficiente dinámico de fricción, ideal para pavimentar zonas de alto tránsito y, al mismo tiempo, tiene una superficie suave, fácil de limpiar y desinfectar. El gres porcelánico StrideUp® es versátil, responde a importantes necesidades de seguridad y ofrece continuidad entre ambientes interiores y exteriores: **una solución segura y con clase.**

StrideUp® - это революционная технология, сочетающая высокую устойчивость с скольжению и мягкость уникальной поверхности. StrideUp® гарантирует высокий коэффициент динамического трения, что делает эту плитку идеальным решением для пешеходных зон с высоким уровнем изнашивания, и в то же время плитка обладает мягкой поверхностью, которую легко очищать и гигиенически обрабатывать. StrideUp® - это универсальная плитка из керамогранита, отвечающая важным требованиям безопасности и позволяющая создавать связь между интерьерами и наружными пространствами. **Надежное и стильное решение.**

Decoro Lacca

AVVERTENZE:

Mosaico Lacca e Decoro Lacca prevedono l'applicazione di smalti artistici che, durante la cottura della ceramica, generano sfumature di colore che possono anche non risultare perfettamente abbinabili ai rispettivi fondi, queste peculiarità differiscono da una produzione all'altra.

Questi decori ceramici sono realizzati mediante processi tecnologici ad elevata componente artigianale, lievi differenze superficiali sono perciò da considerarsi peculiarità del prodotto e non ne costituiscono difetto. Si consiglia di pulire con acqua o detersivi a pH neutro, nel caso di sporco ostinato è consigliato utilizzare ammoniaca o candeggina, possibilmente diluite con acqua. Non utilizzare per la pulizia prodotti anticalcare.

WARNING:

Mosaico Lacca and Decoro Lacca provide the application of artistic glazes that, during the firing of ceramics, generate shades of color that may not be perfectly matched to their backgrounds. These peculiarities differ from one production to another.

These ceramic decorations are made using technological processes with a high level of craftsmanship; slight surface differences are therefore to be considered as characteristics of the product and do not constitute a defect. It is recommended to clean with water or pH-neutral detergents; in the case of persistent dirt, it is recommended to use ammonia or bleach, possibly diluted with water. Do not use descaling products for cleaning.

HINWEIS:

Lackmosaik und Lackdekor sehen das Auftragen von kunstvollen Glasuren vor, die beim Brennen der Keramik Farbnuancen erzeugen, die möglicherweise nicht perfekt auf die jeweiligen Untergründe abgestimmt sind, diese Besonderheiten unterscheiden sich von Produktion zu Produktion.

Diese keramischen Dekorationen werden in technologischen Verfahren mit hohem handwerklichen Eingriff hergestellt; leichte Oberflächenunterschiede sind daher als Eigenheiten des Produktes zu betrachten und stellen keinen Mangel dar. Es ist ratsam, mit Wasser oder pH-neutralen Reinigungsmitteln zu reinigen; bei hartnäckigen Verschmutzungen empfiehlt sich die Verwendung von Ammoniak oder Bleichmittel, eventuell mit Wasser verdünnt. Zur Reinigung keine Anti-Kalk-Produkte verwenden.

AVERTISSEMENTS :

Mosaico Lacca et Décor Lacca prévoient l'application des émaux artistiques qui génèrent, Durant la cuisson de la céramique, dénuancement des couleurs qui ne sont pas parfaitement calepinable avec les unis: cette caractéristiques différent d'une fabrication à l'autre.

Ces décors en céramique sont réalisés suivant des processus technologiques à forte composante artisanale ; par conséquent de légères différences visibles à leur surface doivent être considérées comme des spécificités du produit et ne constituent pas un défaut. Il est conseillé de les nettoyer avec de l'eau ou des détergents à pH neutre. En cas de taches tenaces, il est conseillé d'utiliser de l'ammoniac ou de l'eau de Javel, si possible dilués dans l'eau. Ne pas utiliser de produits de nettoyage anti-calcaire.

ADVERTENCIAS:

Mosaico Lacca e Decoro Lacca prevén la aplicación de esmaltes artísticos que, durante la cocción de la cerámica, generan tonalidades de color que pueden no coincidir perfectamente con los respectivos fondos, estas peculiaridades difieren de una producción a otra.

Estas decoraciones cerámicas se han llevado a cabo mediante procesos tecnológicos con un alto componente artesanal, por lo que las ligeras diferencias superficiales deben considerarse una característica del producto y no constituyen un defecto. Se recomienda limpiar con agua o detergentes de pH neutro. En caso de suciedad persistente, se recomienda utilizar amoníaco o lejía, preferiblemente diluidos con agua. No utilice productos antical para la limpieza.

ВАЖНЫЕ ЗАМЕЧАНИЯ:

Mosaico Lacca и Decoro Lacca предусматривают нанесение художественных эмалей. Во время обжига керамики они генерируют оттенки цвета, которые могут не идеально сочетаться с соответствующими фонами, эти особенности отличаются от одного производства к другому.

Эти керамические декоры были выполнены посредством технологических процессов с ярко выраженной ремесленной составляющей, поэтому небольшие различия в поверхности должны рассматриваться как особенность продукта, но не как дефект. Рекомендуем проводить очистку водой и моющими средствами с нейтральным pH-балансом, в случае устойчивых загрязнений рекомендуем использовать нашатырный спирт или белизну, возможно, растворенные в воде. Не используйте для очистки средства для удаления известкового налета, типа антинакипин.

OUR NAME STANDS FOR TECHNICAL AND AESTHETIC EXCELLENCE.

Portiamo con orgoglio in tutto il mondo materiali che esprimono al meglio la cultura estetica, l'eccellenza stilistica e tecnica del Made in Italy.

Sul mercato internazionale, il nostro nome è sinonimo di grès porcellanato dalle altissime prestazioni tecniche ed estetiche e attraverso la trasformazione di materie prime di assoluta qualità otteniamo progetti ceramici capaci d'interpretare le molteplici esigenze di un mondo in costante evoluzione.

Around the world, we proudly promote materials that best express that Made in Italy aesthetic, style and technical excellence.

On the international market, our name is synonymous with porcelain stoneware that offers extremely high technical and aesthetic performance. We transform top quality raw materials into ceramic projects able to interpret the many requirements of a continuously evolving world.

Il prestigioso marchio d'origine Ceramics of Italy contrassegna solamente i prodotti realizzati in Italia, che rappresentano i valori appartenenti all'industria ceramica da decenni.

ITALGRANITI GROUP sostiene il codice etico di Confindustra Ceramica che, dalla **produzione 100% Made in Italy alla responsabilità sociale e ambientale, promuove una politica industriale seria e trasparente.**

Ceramics of Italy is the certified brand of origin which exclusively marks all products fully manufactured in Italy representing the decades old values system of the Italian Ceramic Industry.

We support all those values promoted by the Confindustra Ceramica code of ethics, from **100% Italian production to social and environmental responsibility.**

QUALITY SYSTEM MANAGEMENT

La **certificazione UNI ISO 9001 2015** è riconosciuta a livello internazionale e rappresenta una garanzia di eccellenza e qualità del proprio sistema di gestione. ITALGRANITI GROUP ha deciso di intraprendere spontaneamente questo importante percorso adottando un insieme di regole, responsabilità e controlli per **migliorare l'efficienza dei processi e la soddisfazione del cliente, accrescere la propria competitività e mantenere la conformità ai più alti standard qualitativi.**

UNI ISO 9001 2015 certification is internationally recognised and represents a guarantee of the excellence and quality of the management system. ITALGRANITI GROUP decided of its own accord to undertake this important process, adopting a set of rules, responsibilities and checks to **improve the efficiency of processes and customer satisfaction, to boost its competitiveness and maintain compliance with the highest quality standards.**

SAFETY SYSTEM MANAGEMENT

La salute e il benessere dei lavoratori sono interessi primari per ITALGRANITI GROUP. L'ottenimento della **certificazione UNI ISO 45001** rafforza una cultura d'impresa che vede la sicurezza non solo come a un adempimento normativo, ma come parte essenziale dei processi lavorativi. La normativa è **uno strumento necessario per generare un nuovo modello di competitività sostenibile** che possa migliorare la crescita di tutte le performance aziendali.

The health and wellbeing of employees are crucial priorities for ITALGRANITI GROUP. The attainment of **UNI ISO 45001 certification** strengthens a business culture that sees safety not simply as a question of regulatory compliance, but as an essential part of working processes. Regulation is **a necessary tool for generating a new model of sustainable competitiveness** that can improve company performance across the board.

ECO-SUSTAINABLE DEVELOPMENT.

ENVIRONMENTAL MANAGEMENT

Italgraniti Group opera in conformità alle normative ambientali previste dalla certificazione ISO 14001 e del regolamento EMAS, ottenuta da oltre 10 anni. La certificazione europea EMAS (Eco-Management and Audit Scheme) misura e controlla il ridotto impatto sull'ambiente dei siti produttivi, attraverso un sistema di gestione ambientale basato su rigorosi parametri.

ITALGRANITI GROUP CONTRIBUISCE ALL'EFFICIENZA ENERGETICA ATTRAVERSO:

- 100% di riciclaggio delle acque utilizzate
- 100% riciclo degli scarti crudi e cotti
- 100% riciclo del packaging e dei pallet
- 90% di riciclo dei rifiuti.

Italgraniti Group conforms with the environmental regulations envisaged by the ISO 14001 certification and by the EMAS certification, obtained more than 10 years ago. The European EMAS (Eco-Management and Audit Scheme) certification measures and controls the reduced environmental impact of production sites, through an environmental management system based on strict parameters.

ITALGRANITI GROUP CONTRIBUTES TOWARDS ENERGY EFFICIENCY THROUGH:

- 100% recycling of waters used
- 100% recycling of unfired and fired waste
- 100% recycling of packaging and pallets
- 90% recycling of waste.

LEED™ è un sistema di certificazione volontario, per la progettazione, costruzione e gestione di edifici sostenibili ad alte prestazioni; promuove un sistema di progettazione integrata che riguarda l'intero edificio. È sviluppato dall'U.S. GREEN BUILDING COUNCIL (USGBC) associazione che fornisce un approccio globale alla sostenibilità dando un riconoscimento alle performance virtuose in aree chiave della salute umana ed ambientale. Il sistema si basa sull'attribuzione di crediti per ciascuno dei requisiti caratterizzanti la sostenibilità dell'edificio. Dalla somma dei crediti deriva il livello di certificazione ottenuto.

LEED™ is a voluntary certification system, for the design, construction and management of high performance sustainable buildings; it promotes an integrated design system that concerns the whole building. It is developed by the U.S. GREEN BUILDING COUNCIL (USGBC), an association which provides a global approach to sustainability, providing recognition for virtuous performance levels in key areas of human and environmental health. The system is based on rating credits for each of the requisites featuring the sustainability of the building. The sum of the credits composes the certification level achieved.

ECO-SUSTAINABLE DEVELOPMENT.

Italgraniti Group è membro del Green Building Council Italia, organizzazione che promuove la cultura e la pratica dell'edilizia sostenibile in un contesto che rispetti le esigenze dell'uomo, della collettività e dell'ambiente.

Italgraniti Group is a member of the Green Building Council Italia, an organisation that promotes the culture and practice of sustainable construction in a context that respects the needs of mankind, the collective whole and the environment.

Tutti i prodotti Italgraniti Group contengono un'elevata percentuale di materie prime riciclate. Questa importante caratteristica contribuisce all'ottenimento di crediti LEED® e WELL™.

All Italgraniti Group products contain a large percentage of recycled raw materials. This significant characteristic contributes towards obtaining LEED® and WELL™ credits.

EPD (Environmental Product Declaration), è una certificazione volontaria che mette in evidenza le prestazioni ambientali di prodotto/processo/servizio per migliorarne la sostenibilità. Attraverso la dichiarazione EPD, Italgraniti Group comunica a partner, operatori e consumatori, l'efficacia delle politiche di sostenibilità intraprese e i dati sull'intero ciclo di vita dei propri materiali. I prodotti certificati EPD sono richiesti dai principali sistemi di certificazione internazionali (LEED®, WELL™, BREEAM®, HQE®, DGNB®, ESTIDAMA etc.) e sono premiati nel quadro normativo nazionale relativo agli appalti pubblici.

EPD (Environmental Product Declaration) is a voluntary certification which highlights the environmental performance levels of a product/process/service to improve its sustainability. Through its EPD declaration, Italgraniti Group notifies its partners, operators and consumers of the efficiency of the sustainability policies undertaken and the data concerning the entire life cycle of its materials. EPD certified products are required by the main international certification systems (LEED®, WELL™, BREEAM®, HQE®, DGNB®, ESTIDAMA etc.) and they are rewarding as part of national regulations for public tenders.

Italgraniti Group ha adottato lo standard collaborativo HPD Dichiarazioni di Salubrità di Prodotto (Health Product Declarations), per comunicare in modo trasparente il contenuto dei propri materiali e il relativo impatto sulla salute. Grazie all'HPD, i nostri prodotti contribuiscono all'ottenimento di crediti LEED® e WELL™.

Italgraniti Group has adopted the HPD (Health Product Declarations) collaborative standard to communicate the contents of its materials and the related impact on health in a transparent manner. Thanks to HPD, our products contribute towards obtaining LEED® and WELL™ credits.

BREEAM®

BREEAM® (Building Research Establishment Environmental Assessment Method), sviluppato nel 1990 dal BRE Global, è uno dei principali sistemi al mondo utilizzato per misurare le prestazioni ambientali e di sostenibilità degli edifici nuovi ed esistenti. La valutazione BREEAM® utilizza una gamma di indicatori e criteri di sostenibilità per valutare le prestazioni dell'edificio coprendo diverse tematiche ambientali: energia e risorse idriche, salute e benessere, inquinamento, trasporti, materiali, rifiuti, ecologia e processi di gestione.

Tutte le collezioni Italgraniti contribuiscono al raggiungimento dei crediti BREEAM®.

BREEAM® (Building Research Establishment Environmental Assessment Method), which was developed in 1990 by BRE Global, is one of the main systems in the world used to measure the environmental and sustainability performance of new and existing buildings.

The BREEAM® assessment uses a range of indicators and sustainability criteria to assess the performance levels of a building, covering several environmental topics: energy and water resources, health and wellbeing, pollution, transport, materials, waste, environmental awareness and management processes. All Italgraniti collections contribute towards obtaining BREEAM® credits.

WELL™

WELL™ Building Standard (WELL™) è il primo sistema di rating per l'edilizia sostenibile che consente di misurare, certificare e monitorare le caratteristiche dell'edificio che hanno un impatto sulla salute e sul benessere degli occupanti. Il WELL™ fornisce un percorso per integrare e misurare i temi della salute umana e del benessere nella progettazione, costruzione e gestione di edifici. Per ottenere la certificazione WELL™ Building Standard™, l'edificio deve essere sottoposto a un processo che comprende una valutazione in loco e una verifica delle prestazioni da parte di un certificatore abilitato.

Tutte le collezioni Italgraniti contribuiscono al raggiungimento dei crediti WELL™.

WELL™ Building Standard (WELL™) is the number one rating system for sustainable construction designed to measure, certify and monitor the features of the building, which have an impact on the health and wellbeing of its occupants. WELL™ provides a path to integrate and measure topics of human health and wellbeing in the design, construction and management of buildings. To obtain the WELL™ Building Standard™ certification, the building must undergo a process which includes an on-site assessment and an inspection of performance levels by a qualified certifier.

All Italgraniti collections contribute towards obtaining WELL™ credits.

CAM ISO 14021

Nell'aprile 2016 il Ministero dell'Ambiente italiano ha introdotto una serie di criteri ambientali per l'edilizia, chiamati CAM Edilizia - Criteri Ambientali Minimi per l'Edilizia -, volti a facilitare l'inserimento di requisiti di eco-sostenibilità nelle gare d'appalto per interventi pubblici. L'obiettivo è quello di stimolare acquisti che minimizzino l'uso di risorse naturali e il consumo di energia, che contribuiscano inoltre alla diffusione di fonti rinnovabili, riducano la produzione di rifiuti, le emissioni inquinanti nell'aria, nell'acqua e nel suolo ed che eliminino le sostanze ambientalmente pericolose.

Grazie ad un sistema di gestione ambientale sostenibile, alla certificazione EPD e in accordo con lo standard internazionale ISO 14021, Italgraniti contribuisce ad un'edilizia di qualità e prestazioni al di sopra della media di settore.

In April 2016 the Italian Environment Ministry introduced a series of environmental criteria for construction, called CAM Edilizia - Minimum Environmental Criteria for Construction -, aimed at facilitating the insertion of eco-sustainability requirements in calls for tender of public works. The aim is to stimulate purchases that minimise the use of natural resources and energy consumption levels, which also contribute towards the spread of renewable sources, reducing waste production, polluting emissions into the air, water and soil, and which eradicate environmentally hazardous substances.

Thanks to a sustainable environmental management system, to the EPD certification and in accordance with international standard ISO 14021, Italgraniti contributes towards quality construction with performance levels above the industry average.

Ongreening.com fornisce informazioni dettagliate sulla conformità e il contributo dei prodotti Italgraniti Group ai principali sistemi di certificazione della sostenibilità degli edifici (LEED®, BREEAM®, WELL™ ed altri).

Ongreening.com provides detailed information about the conformity and contribution of Italgraniti Group products to the main building sustainability certification systems (LEED®, BREEAM®, WELL™ and others).
